## NEW PRODUCT

### Low-Temperature Dry Block Calibrator Calsys -30/110

Calsys -30/110 is low-temperature dry block furnace. The dry block furnace based on thermoelectric cooling circuitry. This model provides a special design isothermal enclosure (Aluminium block) in which the thermocouple/RTD can be calibrated against the temperature of the calibrator.

#### Special Features

- Low-temperature calibration facility up to -30°C
- Convenient to handle and calibrate
- Lightweight

### P-GM+ (Portable Glass Mould Pyrometer)

A hand-held battery powered Non - Contact pyrometer designed primarily for the measurement of mold temperatures mainly in glass industries.

Readings can now be logged with a time and date identifier ie allowing a wide variety of analyses to be performed on the temperature data.

#### Features

- Battery Indication
- Adjustable Temperature Range
- Adjustable Probe Rotation

- Inbuilt feasible charging.

## NEW VENDOR REGISTRATION

**BHEL Hyderabad - PE&SD Division**

**Registered vendor for Instrument Cable( Signal/RTD Compensation/Thermocouple Extension)**

## EXHIBITIONS

**ADIPEC 2018**

**Rajkot Machine Tools - 2018**

## UPCOMING EXHIBITIONS

**03 04 05 JAN 2019**

Venue: D.A. Anandpura Sports &  
Cultural Centre, GIDC., Ankleshwar

## CSR ACTIVITIES

### Blood Donation Camp 2018

Tempsens organized Blood donation camp on November 24th, 2018.

## LITERATURE

### Nickel & Thermocouple Alloy

- Thermocouple Conductor
- Extension Conductor
- Compensating Conductor
- Nickel Conductor

### New Conductor Catalog

### Product Catalogue

- Thermocouples & RTDs
- Non-Contact Pyrometers
- Thermal Imagers
- Instrumentation & Control Cables
- Mineral Insulated Cables
- Industrial Heaters
- Furnaces
- Temperature Calibration Equipments
- Temperature & Pressure Gauges
- Calibration Services

### New Product Catalog
